

Dear Valued Customer,

Effective September 1st, we are changing our freight prepaid minimum to \$2,500 for all orders that qualify for prepaid freight to the lower 48 states (not including Alaska and Hawaii). Due to increases in freight costs and their logistics, we can no longer honor any free freight agreements below the \$2,500 threshold.

Ultra-Safe understands the impact of price adjustments on customers like you. The above actions taken are a result of dramatic cost increases incurred by Ultra Safe in multiple facets of our manufacturing and supply chain including raw materials, labor, transportation, logistics, tariffs, and other production costs.

We have teams across Ultra-Safe that are ready to support your business needs. We are committed to partnering with you during these unprecedented times. Feel free to reach out to your representative if you have any questions or comments.

We thank you for your business and continued support.

Marty Sharp
President
